

MYSTERY AT THE CEMETERY

(Reported by Sam Baum in 1957)

- Marks Feinberg was buried August 1931.
- Joe Feinberg was buried January 1949.
- They were brothers - There is 1 space between their graves. In 1957, the ground caved in between the two graves. Upon an investigation to see what caused the solid ground to cave in, a little girl's grave was discovered. She appeared to be about 12 or 14 years of age. No girl of that age belonging to our congregation died in Jackson. The grave was filled in and the remains were not disturbed.
